EDUCATION

California State University Sacramento — **Sacramento, CA**
Bachelor of Science | Business ~ Finance Concentration — *May 2020*

Folsom Lake College — **Folsom, CA**
Associate of Science | Business (4.0 GPA) — *December 2018*

Certifications:
- Google Cloud Platform Certified - Professional Cloud Architect & Associate Cloud Engineer
- Python Institute - Certified Entry-Level Python Programmer (PCEP)
- PMI - Certified Associate in Project Management (CAPM Exp 11/2019)

SELECTED PROJECTS

AI / Machine Learning:
- Built a biometric sensor and streamed time-series data using IoT Core to ingest data through Pub/Sub, Dataflow & BigQuery. Used the data to create, train, and deploy an AI model to Cloud AI platform.

iOS Development:
- Developed a number of iOS applications using Swift / SwiftUI that are currently deployed on the App Store, some of which utilize Create ML.

WORK EXPERIENCE

Community Recovery — **Los Angeles, CA**
Assistant Project Manager — *Feb 2013 – September 2015*
- Used Agile practices to initiate, plan, execute, monitor and close various IT-related projects.
- Collaboratively built a full stack web app with a relational database on Microsoft Azure with the help of the IT team.
- Created performance metrics dashboards and used business intelligence to monitor KPIs.

University Enterprises, Inc. / State Compensation Insurance Fund — **Sacramento, CA**
Contractor / Student Assistant — *July 2019 – November 2019*
- Provided solutions and maintenance of a wide variety of software projects assigned by management.
- Analyzed, reviewed, update and cleaned data as needed on an on-going basis.
